APPROVAL OF MINUTES:

1. Approval of the minutes for the September 17, 2008 meeting.

APPROVAL OF ORDER OF AGENDA:

COMMISSION COMMENTS:

Commissioner Blackburn was appreciative of the understanding for his absence at the September 17, 2008 meeting. He explained that a group of representatives from FEMA Region Nine that included him was requested to be present in Baton Rouge Louisiana regarding events relating to Hurricane Katrina.

Commissioner Cheichi reported he is working with the Contra Costa County Board of Health and on December 6, 2008 they will be conducting a flu shot clinic at the Hilltop Mall parking lot. This will be a drive up only inoculation site. There will be about eight lanes for people to drive into where they will have identification checks and information

gathered. Following completion of documents the subjects will be directed to proceed where inoculations will be performed. There will be also an area set aside for people bussed in from other communities.

This will be an opportunity to test a model for inoculations to be preformed in the event of an emergency. The idea is to develop a system for mass inoculations to be performed outside in the event there is no structure available to perform them.

EX-OFFICIO COMMENTS:

Commissioner Schultz reported that he attended an Alert Network Systems for medical emergencies. The purpose is to make notifications of medical emergencies that occur to the proper individuals.

Commissioner Schultz reported that the school is also continuing to work on the ongoing challenges for emergency preparedness.

STAFF COMMENTS:

Captain Realyvasquez reported that on September 25, 2008 he attended a Silver Sentinel meeting with OES. This was one of the finale meetings for the scheduled exercise on October 23, 2008. This exercise is different from in the past in that it is set at 48 hours after the initial earthquake. Prior exercises have focused on first response but this will focus on events following the first response. It is based on a significant earthquake occurring on the Hayward fault. It will be an opportunity to discover what Type if documentation and information Planning, Logistics and Finance need during this type of event.

Captain Realyvasquez reported that on September 27 & 28, 2008 there was a good turnout to the Emergency Preparedness & Safety Commission booth at the Fog Fest. County OES was present with their command trailer and set up for sign ups for SMC Alert.

PUBLIC COMMENTS: None

PUBLIC HEARINGS:
Vehicle Hearing Appeal for Pacifica Municipal Code Section 5-2.01 (vehicle parked over 72 hours) by Dorion Liston of 1639 Linda Mar Blvd Pacifica, CA 94044 was heard.

Sergeant Londerville presented the Staff report to the commission. Mr. Liston represented himself and presented his reasons requesting the commission to overturn his vehicle hearing with Sergeant Steidle.

The commission heard testimony and asked several questions of Mr. Liston. Following the presentation of testimony the Commission voted 5 to 1 to deny Mr. Liston's appeal.
