My family has called Pacifica home for 3 generations. My brother graduated from Terra Nova high school.. This is where my mother, 91, still enjoys a meaningful and productive life. But, she is a renter and under constant threat of displacement because of high rent increases and no fault eviction. As of today there is no legal protections for people like my mother.

I will see to it that we pass an Anti Displacement Ordinance that will protect people without treading on property rights. We have a humanitarian and civil rights crisis on our hands.

I am for supporting the formation of the Oceanic Discovery Center where economic boon meets save the earth.

When people and planet come before profits, we all benefit.
