

TAKE YOUR RED PENCIL

Put more fire, into your story
Stir my pot and produce intoxicating brews.

TAKE YOUR RED PENCIL

Do me no wrong
Help me across the page
Give me a word.

Cross out this comma
Inject life into my words
Spice my sensuous romances make them X rated.

TAKE YOUR RED PENCIL

Fan my embers
Make the flames devour the pages
Erase the lines clean and make them dance
With new words that'll be heard all over the
World, imitated, applaud, read on MTV.
